Banquet to 300 Served in the Temple and Then Degree Work Is Put on.

The entertainment provided by the excellent host, Trio lodge No. 57 of Masons, for the masters and members of other lodges in Rock Island county last night was a huge success, and the idea, which is a new one in the history of Masonry in this part of the country, will undoubtedly be followed soon by other lodges.

Preceding the degree work which was put on last night, an excellent banquet was served in the dining room of the temple. A conference between Mr. Booth and the committee in charge was held relative to the school of instruction which will be conducted during the middle of February. It is hoped to have a member of the board of grand examiners present at that time to act as chief instructor, and others who are competent will assist him. Arrangements for the printing and other details were made last night. ## TAX RECEIPTS TO BE LESS IN 1912

State Board of Equalization Cuts Assessed Valuations in This County.

COUNTY SHY LARGE SUM

Will Fall Short \$65,000 of Amount Counted on by Board of Supervisors.

The total valuation of all taxable property in Rock Island county, as equalized and assessed by the state board of equalization, is \$20,531,740, according to a statement issued this morning by County Clerk Henry B. Hubbard, while the amount appropriated and levied for county purposes at the September meeting of the board of supervisors is \$172,750.

In order to raise this amount, it will be necessary to make a rate of 75 cents on every \$100. Under the operation of the Juhl law, however, it is reduced to 53 cents on each \$100. According to this valuation \$108,820 will be produced to meet all county obligations for 1912. This is considerably lower than the figures of last year, which placed the valuation of the county at \$19,187,653. At that time the rate was 63 cents on every \$100 and the amount produced was \$121,033.58.

MOLINE TAXES HIGH.

The figures also show that the tax rate of Moline both last year and this year is above that of the city of Rock Island. In Rock Island the tax rate remains the same for both 1910 and 1911, whereas there has been an in-
